

Health Seminars

Canine Reproduction Wednesday, April 15, 2015

Presented by Dr. Katherine Settle

Join us with canine reproduction specialist Dr. Katherine Settle as she discusses her work and specific issues seen with the Cavalier King Charles Spaniel. Don't miss this opportunity to get your breeding questions answered!

Syringomyelia (SM) Friday, April 17, 2015

Presented by Dr. Natasha Olby

We are very excited to host Dr. Natasha Olby as she discusses findings and conclusions of her research into Syringomyelia (SM). This research was funded in part by our own ACKCS Charitable Trust.
